Payment for the rental and deposit arranged ahead of pick up date

What do I need to include on my Certificate of Insurance?

A General Liability Insurance binder valued at a minimum \$1,000,000, listing History For Hire as additional insured and loss payee. A Property Coverage Insurance binder with Props coverage will lessen your deposit amount to your insurance deductible. The insurance binder must be valid for at least two weeks beyond the length of the rental. We do not accept Evidence of Insurance. History For Hire will still require a Security Deposit with a Certificate of Insurance.

What is my deposit if I don't have insurance?

A deposit equivalent to the full total valuation of the props listed on the rental agreement. Deposits are processed on credit cards as an "Authorization Hold" of funds. The Authorization holds a balance on your card that limits your access to use those credit funds until the props are returned or ten days later, whichever is later. We may not be able to rent you some props if you don't have insurance. Speak with your Rental Agent.

What is the minimum rental and purchase?

There is a \$35 minimum for each rentals or graphics. We do not combine the charges for the two departments.
